STREETWORK - SUPPORT UNITS - RELIEF PROGRAMME

# ADAV

(EMPOWER a Volunteer)

**Donation: 10€ per/month, covering all transportation fees of a volunteer streetworker, during the annual relief efforts**

**\*Why I should choose to empower a volunteer: Within our environmental protection ethos, we encourage our volunteers to use mainly all means of public transport for our activities, even when operating under inaccessible areas and adverse conditions. So far, all expenses are covered by the volunteers while offering daily their precious time. With this donation, you facilitate his work and you contribute to reducing environmental pollution.**

# ADAV

(Encourage a Volunteer)

**Donation: 25 € per/month, complete coverage of transportation fees and mobile phone communications with the organization and the various emergency services, during the annual relief efforts. Such donation provides 2 necessary tools for the direct relief of the homeless/people in need under unforeseen and adverse conditions.**

**Duration : 1 to 12 months**

**\*Why I should choose to encourage a volunteer: During our fieldwork, our volunteers are often required to get in touch with our offices as well as various hospitals, emergency services etc so that they can provide or refer the cases of the homeless people who need urgent attention. Until today these expenses are covered by the volunteers. With this donation, you help them to ensure that they have the necessary tools to do their work in the most effective way.**

# ADAV

(Support a Volunteer)

**Donation: 50€ per/month, covering transportation, communications and the participation of the streetworker in monthly field safety & streetwork training.**

**\*Why I should choose to support a volunteer: Our volunteers are required to resolve a number of cases/incidents which demand a high level of responsibility and tireless effort under street conditions that are understandably unpredictable. In order to ensure their personal safety, they need to acquire a skill set required for combining streetwork toolkit and first response/aid qualifications**

\* Why fund an Emfasis project: Emfasis does not receive any form of state or public funding. It relies exclusively on the financial support of individuals, companies and institutions that believe in its vision.

Emfasis's operational model derived from its vast experience in designing and implementing direct, effective targeted interventions with tangible results without being bogged down to bureaucracy and delay tactics. Emfasis' follows strict transparency guidelines, ensuring honest and successful cooperation with all private and corporate donors.

**Emfasis Foundation:** A non-profit initiative, founded in 2013, operating on the principles of streetwork. Over 40 permanent volunteers support people living or experiencing a large part of their time on the street. We support individuals who are homeless or experiencing financial difficulties, the unemployed, families under the poverty line, working children, stranded migrants, vulnerable youth, and the elderly in insecure living conditions.

#### How we operate:

**#With streetwork teams, offering daily psycho-social advisory, whilst in parallel designing individualized actions for the social integration of the individuals we support.**

**#With our mobile support units we provide essential items for survival on the street at night, in Athens and Piraeus.**

**#Through our social and family support corner (in the SynAthina space), providing practical assistance concerning social benefits, payment settlements, unemployment grants**

**#Through Healing Photography Workshops for children of refugees**

**#With relief campaigns in periods of extreme weather conditions, temporary accommodation, urgent street intervention**
